Less _____ %

GB provides a range of cast iron Taper Fit Pulleys manufactured from high quality materials to international standards. High quality casting, dynamically and statically balanced.

FEATURES / BENEFITS

- Single Multi-strand pulleys to suit standard A, B, C, Z, SPA, SPB,, SPC and SPZ section standard and cogged vee belts
- Standard Taper Fit design accommodating complete range of imperial and metric shafting
- Easy installation onto drive and driven shafts available
- Easy adjustment to driven speed if required at a latter time by interchanging pulley diameters
